LB 541
LR 250

CLERK: Mr. President, two items. Senator Moore would like to print amendments to LB 541 as Chair of Appropriations and I have a new resolution, LR 250 introduced by Senator Beutler. It will be laid over, Mr. President. (See pages 2376-79 of the Legislative Journal.) That's all that I have.

SPEAKER BAACK: We will stand at ease for one minute. We need to get something in the record before we adjourn. Senator Day, would you like to adjourn us until Monday morning at 9:00 a.m.

SENATOR DAY: Yes, Mr. Speaker, members of the Legislature, I move we adjourn until Monday morning at 9:00 a.m.

SPEAKER BAACK: I just want to make one brief comment. I think we have done, we did a good job this week. We've put in lots of hours and that's good. Senator Withem wanted to make sure that I got this speech in. I'm not going to give the Bill Barrett speech of how bad we've all been because I think we've done good work, but I think if you could see by the agenda that I had out there today, I think you could see what the lay of the land is for the rest of the session. Those are the issues that are still before us. We need to be aware that if we're going to get those issues done we're going to have to keep right on working as hard as we have been. And I might ask too, a favor of you. Next Thursday morning we are going to want to begin to read LB 121 at seven o'clock in the morning. So I need some commitments from at least 25 people that can get here by seven o'clock in the morning. Senator Hall, you don't have to, but I would like you to think about that and let me know if you can be here by seven in the morning next week so that we can have that list out and then we can start at seven. That will take about three and a half hours to read. With that you've heard the motion to adjourn. All those in favor say aye. Opposed no. We are adjourned.
